

HR Policy Handbook -- Section 1: Employment Basics

This document describes the standard employment policies applicable to all full-time employees. Every new hire receives a copy of this handbook during the onboarding process and is expected to review it within the first week of employment. Employees should direct questions about any of the information contained in this handbook to the Human Resources department at hr@company.com. Failure to follow the policies outlined here may result in disciplinary action as described in Section 8.

Section 2: Leave Policy

Employees accrue paid leave based on their length of service. Casual leave and sick leave are credited at the start of each calendar year, while earned leave accrues monthly. Any unused earned leave may be carried forward to the next year, subject to a maximum cap as defined by the compensation team. Requests for leave must be submitted through the internal portal at least three working days in advance, except in emergencies.
